Sondela Nature Reserve & Spa – Online Shop

<https://www.shop.sondela.com/>

The Deli & Shop is a treasure trove of handcrafted goods and sustainable products. Locally made jewelry, assorted camping gear, and organic skincare products sat side by side with informative books on wildlife conservation and the rich history of the region. Every item had a story, a connection to the land, and a purpose beyond its material existence. Another beloved section is our Deli. This masterpiece showcased an assortment of hand-selected cheeses, cured meats, olives, and house-made preserves. It was a visual and gustatory feast that encouraged patrons to slow down, unwind and enjoy the open bushveld.

Iketla Wellness & Spa

Sondela Academy

Dear Guest

Sondela Academy has been in existence since 2007 and prides itself on developing skilled and qualified young Managers who are already succeeding in the workplace by the time they graduate.

The result is a successful vocational qualification obtained through an integrated approach between theory, practical and workplace exposure.

We wish to thank you as our guests who are well travelled and have a lot of experience for your much valued interaction and input in our training program which assists our learners in our “real life” environment as opposed to a simulated environment. We treasure your contributions and time with us while our Learners have the opportunity to learn how to do things, but also how NOT to do them.

We look forward to seeing you next time! Please do not hesitate to contact us on (+27) 14 736 8860 or info@sondelaacademy.net for more information.

Season's Greetings and a Happy New Year!

Yours in education, training and skills development
